Learning and Development professional with 19 years of experience diagnosing performance gaps, designing targeted training, and evaluating program impact. Directed multi-year development programs for 150+ participants annually across 4 concurrent learner cohorts. Brings a practical ability to translate real-world performance challenges into structured, scenario-based learning experiences. Earned Excellent performance ratings in 11 consecutive review cycles.

Knowledgeable in:

WORK EXPERIENCE

EDUCATOR | PROGRAM LEAD

Howard County Public School System

Aug. 2013 – Present

- ♦ Designed and continuously improved a multi-year learning program for 150+ participants across 4 concurrent learner cohorts, integrating needs analysis, sequenced skill development, leadership coaching routines, and performance preparation, earning Excellent ratings across 11 consecutive evaluation cycles.
- ♦ Directed an annual 18-hour leadership development intensive for 15 selected cohort leaders, strengthening communication, peer coaching, and team coordination skills, supporting performance readiness across a 150+ participant program and doubling total program enrollment between 2013 and 2018.
- ♦ Coordinated district-wide development workshops for groups of up to 30 participants, adapting delivery for varied readiness levels, troubleshooting LMS workflows, and reinforcing adoption through practice-based support across 5 Canvas LMS rollout sessions.
- ♦ Constructed assessment and feedback systems across 13 skill-specific pathways, incorporating performance checks, targeted coaching, readiness benchmarks, and 4 annual public-facing performance cycles to identify gaps and adjust instruction for 150+ participants.
- ♦ Developed interactive eLearning modules using Articulate Storyline 360 and Articulate Rise, applying adult learning theory, branching scenario design, and immediate rubric-based feedback to support skill practice for learners across 3 distinct portfolio projects.
- ♦ Conducted training needs assessments by translating varied organizational goals into targeted development plans, adapting instruction, coaching timelines, and readiness benchmarks to support community events, individual growth goals, and public-facing performance outcomes for 150+ participants.
- ♦ Facilitated daily instructor-led training for cohorts of up to 55 learners, applying blended learning design principles, real-time coaching, and data-driven adjustments to maintain consistent performance readiness across 4 concurrent learner cohorts.
- ♦ Built AI-driven workplace simulation modules using Articulate Storyline 360, enabling practice stakeholder discovery scenarios, receive immediate feedback tied to a structured rubric, and improve response accuracy through repeated attempts across 3 scenarios.

EDUCATOR

Chesapeake Public Schools

Aug. 2010 – June 2013

Red Clay Consolidated School District

Aug. 2006 – June 2008

- ♦ Launched curriculum sequencing improvements, refined assessment routines, and sharpened stakeholder communication systems across multiple learner groups, improving program consistency and supporting measurable performance preparation for over 120+ learners across 2 organizations.
- ♦ Implemented blended learning strategies combining traditional instruction with technology-enhanced practice tools, coaching colleagues and emerging leaders to strengthen instructional skills and raise performance outcomes across 3 program cycles.
- ♦ Analyzed student performance data to create achievable action plans, differentiated instructional strategies, and real-world simulations, supporting improved outcomes for over 100+ learners across multi-grade programs in 2 school systems.
- ♦ Executed onboarding and curriculum alignment processes for learner cohorts, mapping learning objectives to measurable outcomes and organizing performances and events while managing logistics and collaborative workflows for groups of 25+ participants.

EDUCATION

Master of Music, Music Teacher Education

James Madison University

August 2008 to August 2010

Bachelor of Science, Music Pedagogy

University of Delaware

August 2002 to May 2006
